*June 22, 2023*

---

## **National Ford and Sub Council**

We have returned from National Ford and Sub Council Meetings that were held in Las Vegas. All the National Contract Resolutions were read and approved by the delegates. National Contract Negotiations will begin in July.

We will be having a Strike Vote sometime in August. We will inform the membership of the date once we are directed by the International Union.

## **Attendance, Union Business, Vacation and Personal Time**

We would like to remind everyone that union business days are specifically designated for union-related activities and tasks. These days are not intended to be used as personal or vacation time. It is essential to plan your vacations and personal time separately from union business days.

Union business days are crucial for addressing collective concerns, negotiating contracts, discussing workplace issues, and organizing activities that benefit all members. It is important to respect and honor these designated days to ensure the effective functioning of the union and the fulfillment of our collective goals.

With the attendance at Cleveland Engine in the “Deep Red”, We kindly request all members to review their calendars and make the necessary arrangements to plan vacations and personal time outside of the union business days. This will help us maintain a smooth workflow and provide ample time for dedicated union activities without any conflicts.

If you have any questions or concerns regarding this matter, please reach out to your union representative or the union office. Thank you for your cooperation and understanding in this matter. Together, we can continue to strengthen our union and advocate for the rights and well-being of all members.

(over)
