TOGETHER, WE WERE SUCCESSFUL IN ADDING ONE ADDITIONAL FULL-TIME COMMITTEEPERSON.

We have made major accomplishments in the last few weeks since being elected. Your Local Union President and Building Chairman working together along with our Union Administration, Executive Board, Committee and Staff and living up to what we said we would accomplish, by beginning to work on issues and negotiate Agreements that benefit the entire Membership.

LOCAL 1250 INVESTIGATION ON REPRESENTATION ALLOCATION

We started this investigation day one upon taking office, looking into the Local Union total committee representation numbers and structure. When we found that these practices were outdated per past Agreements, we corrected them immediately using our International Agreements, Local Agreements and Local Side Letters that we researched and uncovered.

We brought in our National and Regional Representatives responsible to oversee these Agreements and practices. With all the facts we found supporting justification of what needed to be corrected immediately. We did not waste time any time getting this issue resolved.

Our Local Union practices and side letters were ultimately the responsibility of Ford Motor Company Management at this location. They should have corrected these injustices and violations years ago, instead they chose to look the other way by violating and denying our membership this Union Representation for both Committee and Staff for many years.

Together we made the Company correct this by doing what we were elected to do, for the best interest of our Membership.

In Solidarity,

**Paul Strba, President
