

# UAW-Ford Work or Retire

Brought to you by the  
UAW-Ford Education,  
Development and  
Training Program

## Work or Retire

For employees nearing retirement, this class offers a useful process for comparing the bottom line of receiving a paycheck to the bottom line of receiving a pension check. A lot of things come out of your paycheck (e.g., social security taxes, TESPHE contributions, Medicare, etc.) and fewer of these 'reductions' apply to your pension check. The result? Looking at the bottom line may reveal you are closer to a comfortable retirement than you thought.

Attend this class if you want to make an informed decision on when it may be time to retire, plus get some valuable insights on tax and retirement rules. Most people who've taken this class wish they had taken it earlier. If you are an employee within 5 years of retirement, you might want to start planning now. This class is available live (\$150) or online (\$100, unlimited viewing until 12/31). Class cost is covered by tuition assistance (PDA) for eligible employees.

## CLEVELAND ENGINE PLANT

Spouses are  
invited to attend!
